SUGGESTED CCI HISTORICAL PROJECTS  
(in order of priority)

1. The story of CCI publications - Designed to show how CCI has responded to its assigned missions and how Washington and world-wide subscribers have reacted to CCI's product. Included will be discussions of changing emphases in intelligence, in reader-interest, and in subscription lists.
2. The White House relationship - The story of CCI's growing contacts with the White House, handled statistically and substantively and reviewed from the point of view of formal and informal personal contacts, verbal and written briefings, special memoranda, and regular publications.
3. The watch and ward story - The history of the Watch Office, Situation Room, Operations Center, Indications Branch, National Indications Center, and Watch Committee in the context of CCI's mission to provide the most current intelligence possible.
4. The liaison relationship - CCI's growing relationships and exchanges with representatives of foreign governments at home and abroad; [REDACTED] representatives in Washington and CCI's support for DDI representatives abroad.
5. Task force histories - CCI's response to the development of critical situations in Cuba, Vietnam, Dominican Republic, Kashmir, etc; lessons learned and techniques developed.
6. CCI and the NIS program - CCI's experience with the production of long-range intelligence.
